

Slope Stability
in Mining

SSIM 2025

27-29 October 2025 | Vancouver, Canada

SPONSORSHIP & DISPLAY OPPORTUNITIES

BACKGROUND

The Fourth International Slope Stability in Mining Conference (SSIM 2025) will provide a forum for open pit mining practitioners, consultants, researchers and suppliers worldwide to exchange views on best practice and state-of-the-art slope technologies.

Best practice with respect to pit slope investigations, design, implementation and performance monitoring will be discussed during the conference.

With a target audience of open pit mining operators and professionals, the ACG team is committed to continuing the provision of technology transfer to industry. As such, the ACG is delighted to host this event and provide the opportunity for discussion, learning and networking.

Previous events in this series have been hosted in:

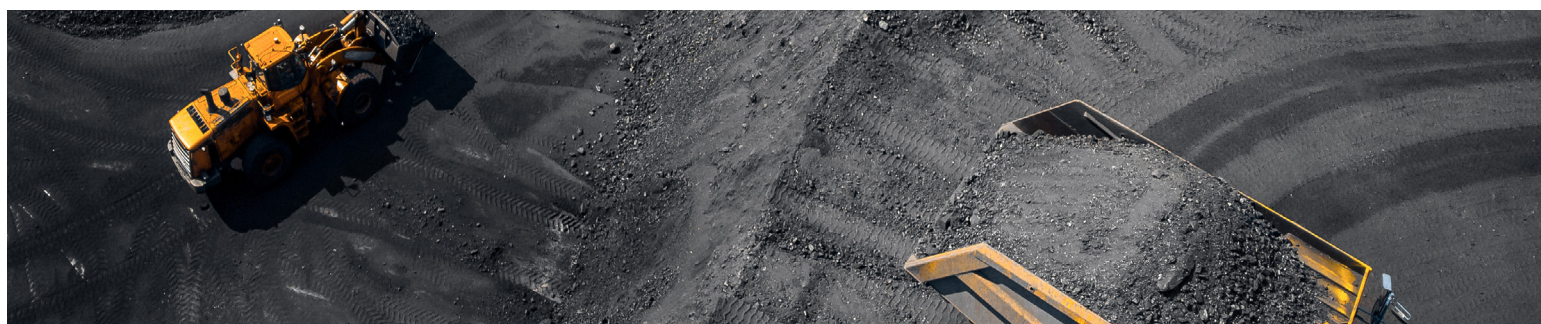

- First Asia Pacific Slope Stability in Mining Conference, Brisbane, Australia, 2016
- Second International Slope Stability in Mining Conference, Perth, Western Australia, 2021
- Third International Slope Stability in Mining Conference, Perth, Western Australia, 2023

* The ACG reserves the right to alter the format of the event.
